Tubular Heat Exchanger

High Efficiency Performance

Self-Calibrating  
Modulating Gas Valve

Compatible With EverLink  
Control System

Up To **96%** AFUE

---

## *Reliability And Long Life*

---

Your EverRest Extreme Comfort® modulating furnace is built with the best quality materials, the latest technology and is designed to give you years of dependable service! Equipped with a self-calibrating modulating gas valve, these EverRest furnaces are designed to keep your home warm and comfortable without constant temperature fluctuations. All EverRest Extreme Comfort® units have the only “Never Failed”™ Heat Exchanger in the industry. The patented Million Air™ stainless-steel tubular heat exchanger has been designed to deliver the highest money-saving efficiencies, minimize corrosion and virtually eliminate the potential for leakage! The reliability of these furnaces allows us to offer you a Lifetime Heat Exchanger Replacement Limited Warranty with every EverRest High-Efficiency modulating furnace. (Talk to your EverRest Extreme Comfort® dealer today for all the details).

---

## *Modulating Comfort*

---

Many furnaces run “all on” or “all off,” but an EverRest Extreme Comfort® modulating furnace makes slight adjustments, depending on the circumstances, to keep your home toasty warm while saving you money. The flame in your modulating furnace increases or decreases incrementally so that room temperature never varies more than 1 or 2 degrees from the thermostat's target temperature. Not only is this furnace ultra-efficient, it's ultra-quiet as well, thanks to sound-dampening features to help ensure that your system doesn't interfere with a good night's sleep.

---

## *Latest Technology*

---

Many EverRest High-Efficiency Furnaces are now configured for our new **EverLink Control System**. EverLink is designed to allow your home comfort system's internal components to communicate with one another

*The Peak of Home Comfort™*

## Efficiency Defined

AFUE (Annual Fuel Utilization Efficiency) measures the amount of heat a furnace actually delivers to your home...

and these EverRest High-Efficiency furnaces deliver *up to 96 cents out of every energy dollar to directly heat your home!* And unlike many older, conventional furnaces, EverRest's state-of-the-art modulating furnace technology helps eliminate the temperature swings that can result from abrupt stops and starts of the furnace. It does this by adjusting your furnace's flame to reduce any temperature fluctuations and provide consistent indoor temperature with quiet operation. And if extra heat is needed on those really frigid days, this furnace will shift into high stage to quickly warm your home to the desired temperature, then use its modulating gas valve to maintain that temperature quietly and efficiently!

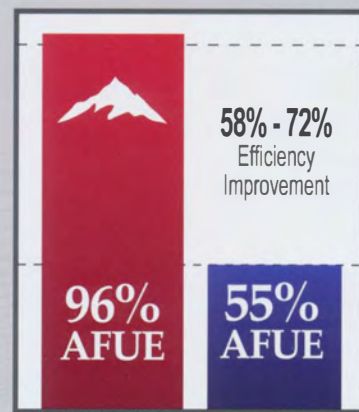

## Working Hard. Saving Money.

If your current furnace is 10 to 15 years old, the efficiency rating is probably around 55-60% AFUE. Compare that to the 96% AFUE rating on select EverRest furnaces and you begin to get an idea of the potential savings. This means a new EverRest High-Efficiency furnace could deliver a 58% to 72% improvement in efficiency!

\*(96% - 55%) / 55% results in a 72% improvement in efficiency.

  
**EverLink**  
CONTROL SYSTEM

(as well as your local contractor) allowing for optimum system performance and the accurate detection of any possible problem related issue.

Potential Efficiency Improvement

## 96% AFUE Modulating Gas Furnace

### Features

- Heavy-duty Million-Aire® aluminized-steel, dual-diameter tubular heat exchanger
- Stainless-steel secondary heat exchanger
- Self-calibrating modulating gas valve operates on two-stage or single-stage thermostats
- EverLink Communicating System compatible
- Up to 96% AFUE
- Efficient and quiet variable-speed circulator motor
- Long life, durable Silicon Nitride Igniter system
- Furnace control board with self-diagnostics and provisions for air cleaner and humidifier
- Auto-comfort mode for enhanced dehumidification
- Humidification output terminals
- Quiet two-speed induced draft blower
- Low constant fan speed allows homeowner to quietly circulate air throughout the home. This setting costs about the same as a 100-watt light bulb to operate
- All models comply with California NOx emissions standards

### Warranties

This furnace is covered by what we believe to be one of the best warranties in the indoor home comfort industry. In addition to covering the heat exchanger with a Lifetime Limited Warranty\* to the original, registered homeowner, if the heat exchanger fails during the first 10 years of ownership, we will replace the entire unit for as long as you own your home. This furnace also has a 10-Year Limited Parts Warranty\* on all functional parts. Talk to your authorized EverRest Extreme Comfort dealer for all the details.

\*To receive the 10-Year Parts Limited Warranty, 10-Year Unit Replacement Limited Warranty and Lifetime Heat Exchanger Limited Warranty good for as long as you own your home, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

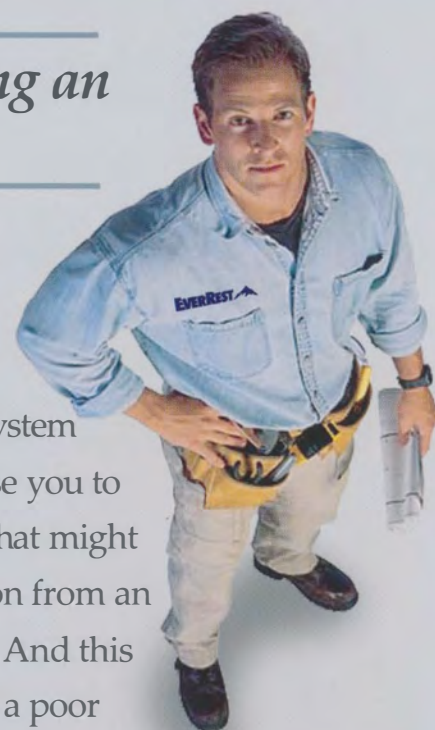

Full warranty details available at [www.goodmannfg.com](http://www.goodmannfg.com). Talk to your EverRest dealer for all the details.

## A Tremendous Advantage When Purchasing an EverRest Extreme Comfort<sup>®</sup> System...

---

It's installed by an EverRest ExtremeCare<sup>®</sup> Performance Dealer. You can purchase the best equipment in the world but if it isn't installed properly it can cost more to operate than that old worn out system you replace. Over the life of a new heating and air conditioning system

an inferior installation could, in fact, cause you to sacrifice over \$5,000 in utility savings that might have been realized with an installation from an ExtremeCare<sup>®</sup> Performance Dealer. And this doesn't even take into account how a poor installation can reduce the life of your new system, reduce the comfort and performance and cause unnecessary breakdowns.

ExtremeCare<sup>®</sup> Performance Dealers have been trained to address these areas when installing your new system:

- Maximizing Comfort
- Minimizing Operating Cost
- Safe Operation
- Healthier Indoor Air
- Quiet System Performance

---

## EverRest Extreme Comfort<sup>®</sup> Furnaces. Guaranteed Performance For Your Home.

---

Your new EverRest Extreme Comfort<sup>®</sup> Home Comfort Equipment is covered by what we believe to be the best warranties in the industry... Guaranteed! Depending on the component, your warranty could cover from 10 years worth of replacement parts up to the lifetime replacement of the unit itself. Warranties apply only to the original purchaser of the unit for as long as they live in their single-family residence. Warranties must be registered online within 60 days of product installation.\* Be sure to talk to your EverRest dealer for all the warranty details that apply to your new equipment.

\* To receive your warranty, online registration must be completed within 60 days of installation at [www.goodmanmfg.com](http://www.goodmanmfg.com). Online registration is not required in California or Quebec. Full warranty details are available at [www.goodmanmfg.com](http://www.goodmanmfg.com)

## Only The Best Dealers.

EverRest Extreme Comfort® home comfort systems are also installed by some of the best dealers in the country when it comes to installation procedures, product knowledge, and service after-the-sale.

EverRest dealers are hand picked, trained, and committed to giving each customer a super high quality product, a highly professional installation, "over-the-top" service and performance guarantees.

EverRest's history of quality stands way above the pack. Our equipment success rate is among the highest in the industry. Great equipment, great dealers and tip-top warranties... it makes the choice easy...EverRest!

## EverRest Extreme Comfort Home Comfort Systems Are Backed By The Strongest Warranties In The Industry.
